

# Public Works Open House

Learn About Your Water, Sewer, and Trash Services  
and How Utility Rates are Determined

**6-8 p.m. Tues. June 6**  
**City Hall**  
**600 6th Street**

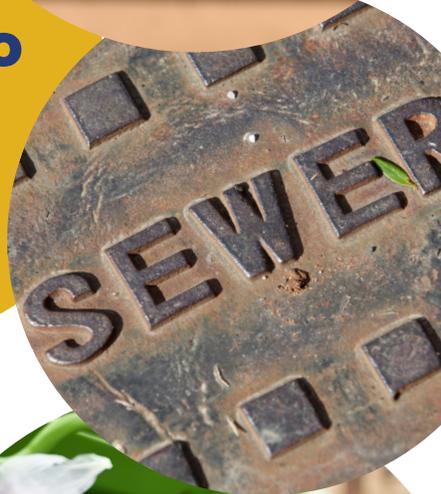

*Arrive and depart at your convenience.  
Light refreshments will be served.*

The City of Lincoln is conducting a utility rates study to ensure that the rates customers pay for water, sewer, and trash services are:

- Fair, equitable, and aligned with our community values and priorities.
- Sufficient to ensure continued financial viability of City utilities.
- Sufficient to enable critical maintenance and infrastructure investment to continue high levels of service while complying with ever more stringent regulatory requirements.
- Aligned with best practices and in accordance with state law.

Attendees can visit a series of stations and speak with subject matter experts from Public Works, Finance, Utility Billing, and the City Manager's office for one-on-one conversations, information sharing, and feedback.
