- Determine the number of sports and recreation facility's needed to support the population associated with a proposed development
- Placement based on:
 - size and type of the park being dedicated

FEEDBACK RECEIVED

- Concern that Recreation Facility Standards could be too specific
 - Resolution draft to clarify intent that the Recreation Facility Standards are used as a guideline.
 - Implementation at the village specific level will be consistent with current PFE or other any other agreement (Development Agreements or Infrastructure Finance Plans).
 - Still allow for flexibility in placement.
