Rules of the Road

Obey all Traffic Laws!

Bike Helmets

Wearing a helmet is not only smart - it's required by law if you are under age 18. Parents, set an example for your children by wearing a helmet.

Signs & Signals

At stop signs or red lights, you are required to come to a complete stop. Proceed only when safe to do so and at signals on the green light.

Watch Your Speed

Observe all posted speed limits. Never ride faster than it is safe under existing conditions.

Respect Pedestrians' Rights

Pedestrians in crosswalks and on sidewalks have the right of way. Be especially aware of pedestrians with disabilities.

Scan the Road Behind You

Learn to look back over your shoulder without swerving left. Glancing also signals to drivers that you may change direction.

Watch for Cars Pulling Out

Make eye contact with drivers, proceed cautiously and assume they don't see you.

Bike Hand Signals

Use Hand Signals

Hand signals tell everyone what you intend to do. Signal as a matter of law, courtesy, and self-protection.

Left Turn Hand Signal

Left hand and arm extended horizontally to the left side of the bicycle.

Right Turn Hand Signal

Left hand and arm extended upward at the elbow to the left side of the bicycle, or right hand and arm extended horizontally to the right side of the bicycle.

Stop Hand Signal

Left hand and arm extended downward to the left side of the bicycle.

Land Positioning

Ride to the Right

A general rule of traffic is that slower vehicles should stay on the right. Always follow the direction of traffic.

Do Not Pass on the Right

Motorists may not see a cyclist passing on the right and turn into your path.

Ride Predictably in a Straight Line

Ride to the right of faster traffic in a straight line more than a car door's width away from parked cars.

Avoid the Door Zone

When cars are parked on the road, ride outside the door zone about five feet away.

Turning at Intersections

The general rule is to use the right-most lane serving your destination.

Right Turns

Use right-turn only lane when provided, or stay to the right side of the straight line.

Straight Through

Use the right-most through lane. Don't go straight in a lane marked "right turn only".

Left Turns

Don't turn left from the right side of the street. There are two ways to make a left turn: **(1) Like a motorist:** Signal, move into the left lane, and turn left. **(2) Like a pedestrian:** Dismount and walk your bike across an intersection.

Triggering Traffic Signals

Traffic signals are triggered by passing over "loop" detectors in the auto lane and in some bike lanes. If positioned properly, bicycles usually trigger signals. Some loop detectors have a bike symbol that indicates the optimal position for your bike.

Otherwise, position your bike directly over the filed-in cuts, if visible. When loops are not visible or the signal is not triggered, cross the intersection as a pedestrian.

Bike Commuting

Bicycle commuting is an effective and inexpensive way to get to work. Even if you are only riding a couple days a week, it is a great way to exercise, save money on gas and vehicle maintenance, reduce air pollution and emissions, lower your stress level, and have fun.

Bike Commute Buddies

If you've thought about bicycling to work, but are not sure how to get started, talk to someone who's experienced. That's the idea behind the Sacramento Region 511 Bike Buddy Match. Use the experience gained by others to find the best route. Visit www.sacreregion511.org/bicycling, or call 511 for more information.

Bike Racks

If you are biking around Lincoln, bike racks can be found at 640 Fifth Street, 600 Sixth Street in downtown Lincoln, the Twelve Bridges Library located at 485 Twelve Bridges Drive and at most commercial centers.

Bike & Bus

All Lincoln Transit buses have bike racks that are convenient and easy to use. Combined with transit, cycling can be part of a commute over a longer distance.

Bus Information

Lincoln Transit has consolidated its routes and partnered with Placer County Transit to more effectively and efficiently serve the residents of Lincoln and Placer County. Lincoln's two routes have been replaced with one central route.
