Dear Resident:

Dear City of Lincoln Resident:

Dear City of Lincoln Resident:

The City of Lincoln appreciates your business year-round and would like to take this opportunity to thank you all for being great customers. We have a few friendly reminders about your trash, food scraps, recycling and green waste that we wanted to share with you so that you are better equipped in 2022.

Did you know food scraps and other organic waste make up half of what Californians dump in landfills and that organic waste in landfills emits methane which is a climate super pollutant?

In 2016, the State enacted SB1383 to address climate change. This legislation will take effect January 1, 2022 and will establish targets for recycling organic waste and recovering edible food by 2025. Reducing organic waste in landfills will have the fastest impact on climate change. City staff has worked hard to be in a position to comply with State regulations and targets.

What can our residents do? Try to reduce the amount of food scraps and waste that go into the trash. Check out savethefood.com for inspiration and helpful advice. Residents should continue to dispose of food scraps and waste consistent with the "one big bin" approach.

Friendly Reminders:

- The Lincoln Solid Waste team works every weekday of the year, including ALL holidays. There are no exceptions.
- Garbage and green waste cans should be placed at the curb no later than 6:00 a.m. or the night before.
- Due to varying conditions, drivers may alter or switch routes which will change collection times. Pickups may occur at any time between 6:00 a.m. and 2:00 p.m. If you think your can was missed, please call after 2 p.m.
- Please do not over-fill containers. The lid must be able to close, and contents must fall freely from the can. Overstuffed cans will not be serviced and will be tagged with a note.
- Cardboard recycling bins are placed at Joiner Park and the Twelve Bridges Library. Please do not leave cardboard on the ground or against the bin. If the bins are full, please take it to the dump, or return another time.
- For additional recycling information, please visit recyclinginlincoln.com. For questions specific to the local Materials Recovery Facility (MRF) or Landfill, please visit wpwma.ca.gov or call (916) 543-3960.

Thank you and have a great year! We appreciate your business!

Listed below are guidelines for street-side container placement:

- Place containers at street-side (not on the sidewalk) with the handles facing the house.
- Do not block pedestrian traffic.
- Place containers at least **five (5) feet** apart from one another.
- Keep containers a **minimum of six (6) feet away** from cars, boats, and other stationary objects to avoid risk of private property damage.

Once containers are serviced on collection day, please remove them from the street. The appearance of neighborhoods greatly improves when residents store containers in their side or back yard.
