

2023 Lincoln Police Department Military Equipment Annual Report

Summary of how the military equipment was used and the purpose of its use.

5-20-22, case 22-1101- Discharged a bean bag round at a non-compliant suspect who was in possession of a knife.

10-31-22, case 22-2248- Discharged 7 pepperball glass breaker rounds and 10 OC pepperball rounds into a vehicle where an individual barricaded himself inside.

70 drone flights. See attached spreadsheet for drone uses.

Summary of any complaints or concerns received concerning the military equipment.

There have not been any complaints or concerns involving military equipment in 2022.

Results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.

Both military equipment deployment uses were reviewed and found to be utilized within policy. No violations were observed or reported.

The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.

See attached inventory

The quantity possessed for each type of military equipment.

See attached inventory

If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.

We have purchased a DJI Mini 3 Pro drone for use in 2023. We are placing an order for a fifth 40mm launcher (LMT 40mm) and 25 additional 40mm rounds. With supply issues the purchase may not be

received until late 2023. We put into service a 3rd pepper ball launcher which was not in use last year as it was being repaired
